## 6 Lumumba Aides Are Slain; U.N. Council Is Upset Anew

UNITED NATIONS, N.Y. (AP) — Secretary-General Dag Hammarskjöld told the U.N. Security Council today that six associates of the slain Congo leader Patrice Lumumba had been assassinated in secessionist Kasai province.

The secretary-general's announcement touched off a round of vigorous protests in the 11-nation council.

Liberia's delegate proposed that the council adjourn its debate until later. He said he wanted to consult with other African nations on the latest incident. Chief U.S. Delegate Adlai E. Stevenson supported the Liberian's proposal.

Hammarskjöld said he had received confirmation of the slayings from his special representative in the Congo, Indian diplomat Rajeswar Dayal, who previously had reported fears for the safety of the pro-Lumumba group.

The slain men were among seven transferred earlier this month to Kasai Province by Congo President Joseph Kasavubu. Lumumba himself was slain after being transferred to secessionist Katanga Province by Kasavubu.

Hammarskjöld protested vigorously against the latest slayings. He said the action was "humiliating and corroding to the United Nations."

The secretary-general gave no details, but said an aide of Albert Kalonji, president of South Kasai, had told Dayal the six were dead. The dead include Jean Finant, ex-president of Oriental Province; a Maj. Fataki, former commander of the Stanleyville gendarmerie; the president of Lumumba's

youth movement, Nzuzi; and three men named Muzungu, Elengesa and Yangara.

Dayal's report threatened U.S. efforts to win council recognition for Premier Joseph Kasavubu to head a new central government in Leopoldville. It threw a cloud over last week's suggestion of the U.N. conciliation commission in the Congo that Ileo's regime became the basis for a broad government of national unity.

Some diplomats expected the United States would propose that in ordering any new measures in the Congo, the council specify that Hammarskjöld be given a role, that Kasavubu be consulted and that non-U.N. military aid be kept out.

While the report of the deportation of political prisoners from Leopoldville threatened chances of U.N. recognition for the Ileo government, the Communist-recognized Lumumbist regime in Stanleyville apparently was in danger of falling to pieces as a result of individual rivalries.

The U.N. command in Leopoldville announced that Anicet Kashamura, left-leaning Lumumbist chief of Kivu Province, had taken refuge in a U.N. camp to escape arrest by partisans of Antoine Gizenga, the pro-Communist head of the Stanleyville regime.

Stanleyville Interior Minister Christophe Ghenye, sent to Kivu by Gizenga to replace Kashamura, already was in the same U.N. camp to escape arrest by Kashamura. A U.N. spokesman said anarchy prevailed throughout Kivu.

## State Idle Pay Booster Vote Due This Week

### Local Government Aid, Mental Hospital Bill Measures Also Slated

COLUMBUS, Ohio (AP) — The unemployment compensation fight comes to a climax this week in the Ohio legislature, but a couple of other prime issues are ready to take its place in the legislative spotlight.

A House vote on a controversial bill which extends jobless benefits from 26 to 39 weeks—but also puts a crimp in some of the liberalized provisions of the 1959 unemployment compensation law—is expected Wednesday.

It remained a question today whether enough House Democrats—a minimum of nine is needed—will go along with the Republican-sponsored emergency bill to pass it as a measure which would be effective immediately upon signing by the governor.

The two issues ready to take center stage as soon as the crucial unemployment compensation fight is finished would:

Give an additional \$15 million a year to local governments in state subsidies for highway purposes.

Modify the financial responsibility of relatives for the care of patients in Ohio's mental institutions.

Both measures may pop out of House committees this week.

The extra subsidy to municipalities, counties and townships for highway purposes would be paid out of motor vehicle license fees.

The money the local subdivisions would get is money now appropriated to operate the Department of Highway Safety which includes the State Highway Patrol.

If the local subsidy bill passes, the Highway Safety Department would be financed out of other highway funds. Any reduction in highway funds, of course, could result in less highway construction, and for that reason Democratic Gov. Michael V. DiSalle makes no bones about the fact he opposes the move.

But controlling Republicans in the legislature are committed by their 1960 platform to increased highway subsidies for local governments.

A subcommittee of the House Welfare Committee is trying to weld several bills dealing with patient support in state institutions into a single measure. The subcommittee has these aims:

To set a time limit on the liability by relatives for such payments.

To provide for payments by those financially able, but to excuse those unable to pay.

During the week, the House Finance Committee, under the direction of Chairman Ralph Fisher, R-Wayne, will start its examination of Gov. DiSalle's \$2 billion budget. The job is expected to take three months—or close to it.

Among other bills scheduled for hearings this week is one by Senate Majority Leader C. Stanley Mechem, R-Athens, which would require all state departments and institutions to "buy American."

## Traffic Light Being Repaired

Workmen were busy today attempting to repair the traffic light at Court and Mound Sts. which burned out Saturday.

Police said wires in the light burned, leaving the intersection with no traffic control.

They said the malfunction also caused other lights on Court St. to go off for a short time, before they were put back in operation.

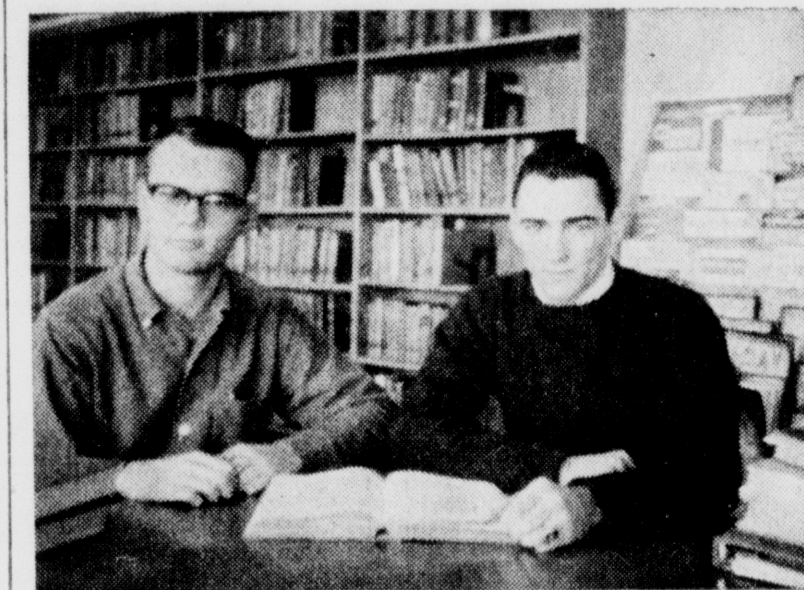

## Marriage Starts Off On Right (Race) Track

LOS ALAMITOS, Calif. (AP) — Theodore McDonald and Carole Francis figure they started their marriage on the right track.

The Rev. H. Carl Roessler officiated at their wedding Saturday in the converted bar of the clubhouse at the Los Alamitos Race Track.

Roessler is pastor of Bethlehem Lutheran church. During construction of a nearby church building, his congregation meets in a chapel that was once a clubhouse bar at Los Alamitos.

## Four Circleville High School Seniors Rank High in State Scholarship Test

BRIAN BURLEY AND PHILIP WING

Four Circleville High School seniors are among the top-ranking students in Ohio.

Results of the General Scholarship Test for High School Seniors, published today, show the local quartet among the upper 5 per cent in Ohio. About 24,000 seniors took the test.

Philip A. Wing, 17, son of Mr. and Mrs. Everett Wing, 115 W. Mill St., was the top CHS scorer. His grade was 201. He is in the Classical course, has applied for admission to Ohio State University. He's also a varsity football player and wrestler.

Brian L. Burley, 18, son of Mrs. Elizabeth H. Burley, 412 E. Main St., had a score of 198 in the state-wide test. He is taking the Classical course and has been accepted at Ohio State University.

Patricia A. Schroeder, 17, daughter of Mr. and Mrs. Henry J. Schroeder, 323 Wood Lane,

scored 193 on the test. She has been accepted at two schools — Ohio University and St. Marys of Notre Dame, South Bend, Ind. She also may apply at Ohio State University.

KATHERINE Measamer, 17, daughter of Mr. and Mrs. S. G. Measamer, Knollwood Village, posted a score of 187 in the test. She has applications filed at Denison University and Ohio University.

No. 1 scholar in Ohio is Gregg W. Dixon, Shaker Heights, Ohio. He scored 243 out of a possible 300. First place among the girls was a tie between Rebecca L. Mann, Rogers High School, Lucas County, and Barbara R. Sears, of Dayton White High School. Both had scores of 235.

The General Scholarship Test is administered under the direction of Dr. J. Chandler Campbell, state supervisor of Ohio Scholarship

KATHERINE MEASAMER AND PATRICIA SCHROEDER

Tests, whose organization is responsible for developing the test and for scoring and ranking all papers.

Dr. E. E. Holt, state superintendent of public instruction, emphasized that the large number of participating seniors is indicative of a recognition on the part of high school students of the importance of scholastic achievement.

Dr. Dean L. Hummel, acting director of the Division of Guidance and Testing of which Ohio Scholarship Tests is a part, pointed out that one of the purposes of this testing program is to give recognition for scholastic attainment.

He further indicated that the results of this test are recognized by colleges, universities, and other scholarship-granting agencies throughout the nation as one of the most reliable predictors of academic success in college.

Dr. Hummel added that Ohio

Scholarship Funds, recently created by legislative action, planned to award a number of scholarships annually to high-ranking students from each county in the state.

To be eligible for a scholarship awarded by Ohio Scholarship Funds, an Ohio senior must have taken the General Scholarship Test for High School Seniors and must have applied for admission to an Ohio college or university approved by the Board of Trustees of Ohio Scholarship Funds.

RESULTS of the test are sent by Ohio Scholarship Tests to any college or university in the world at the request of the participating senior.

Individual student profile sheets have been sent to each school so that the school counselor may assist each student in graphically plotting his test scores, thus revealing his academic strengths and weaknesses.

## GOP Ready To Propose Own Aid to Education Program

WASHINGTON (AP) — Republicans wheel into action today their "positive alternative" opposition to President Kennedy's legislative program.

Senate Minority Leader Everett M. Dirksen of Illinois announced he is ready with a Republican substitute for the aid to education program being laid before Congress by Kennedy.

"It is a simple bill designed to promote classroom construction," Dirksen said. "It has no gadgets or frills. I believe its simplicity and its austerity commend it."

Dirksen said he is offering the measure as part of a campaign for the Republicans to come up with a "positive alternative" to all of Kennedy's proposals rather than merely opposing everything the President suggests.

This is in line with the assertion of Republican National Chairman Thruston B. Morton on a New York television program with Sen. Kenneth B. Keating, R-N.Y., Sunday that his party is going to have a "more or less middle-of-the-road" substitute for all of Kennedy's proposals.

Congressional Republicans look on aid to education as an issue that will test the ability of their informal coalition with conservative Southern Democrats to cut the size and scope of Kennedy's domestic programs.

Outnumbered roughly 2-1 by

## Chief Holds Church Seat for Girl, 11

WASHINGTON (AP) — It isn't every girl that has the President hold a seat for her.

That happened Sunday when President and Mrs. Kennedy attended Mass at Holy Trinity church in Georgetown.

A girl about 11, wearing a red hat and red coat, was seated in front of the Kennedys. During the Mass, she got up, whispered in the President's ear and left. She returned in a few minutes.

Asked afterward what she whispered to the President, the girl said she asked him to save her place. Her name was not obtained by reporters.

## News Briefs

NEW YORK (AP) — Airlines caught in the widest wildcat strike in aviation history began furloughing thousands of workers today.

VANDENBERG AIR FORCE BASE, Calif. (AP) — An experiment high in space has proved that American spy satellites will be able to maneuver in orbit—a major step toward their own defense.

VIENTIANE, Laos (AP)—King Savang Vatthana has proclaimed a policy of nonalignment for Premier Boun Oum's Western-backed government and asked three neutralist neighbor nations to send a commission to confirm that Laos wants to live in peace.

CANTON, Ohio (AP)—Several Amish families in the Brewster area are preparing to go to Canada, where they feel they will not be bothered by the draft or social problems, an Amish leader reports.

DAYTON, Ohio (AP)—Carmi C. Dunson, 53, was charged Sunday with hit-skip driving in the traffic death of a 2-year-old girl nearly three years ago.

The Dayton man walked into police headquarters and said the accident had been preying on his mind and he wanted to confess he was the driver.

COLUMBUS, Ohio (AP)—State Auditor James A. Rhodes' tabulation of county reports indicates Ohio's schools get about two-thirds of all taxes collected on real estate and public utility property.

## Boy Saved from Deep Well Because He Minds His Dad

PHOENIX, Ariz. (AP)—Harry Stage, 7, who plunged 275 feet down a narrow pipe into a deep water well, is alive today because he knows how to mind his dad.

The brown-eyed youngster with tousled blond hair is recovering in Memorial Hospital from two broken legs, a fractured pelvis and possible internal injuries.

Harry was playing on a ranch 25 miles southwest of Phoenix Sunday while his dad, Ed, a drill-

er, was talking to ranch owner Webb Faubion.

Climbing up on a platform, Harry jumped on a piece of plywood which concealed the pipe to an underground irrigation well.

Faubion said, "The boy just vanished."

Harry plunged down the 16-inch pipe with 250 feet of water at the bottom. But there was one thing in his favor.

"That board helped compress

air in the pipe," said Stage, "and this undoubtedly slowed his fall. But he couldn't tread water because of his broken legs and pelvis."

From the bottom of the pipe came Harry's voice, "Daddy, get me out of here."

"Don't worry, son, and don't be scared," replied his father. "We'll get you out. Just push against the sides of the pipe so you don't sink."

The dozen or so men now gathered at the scene heard Harry reply, "Okay, daddy, I will."

A lengthy cable was no help. It curled up about halfway down the pipe.

Then Stage decided he would try to slip down the pipe. No good. It was too tight.

Recalling a block and tackle at a neighbor's ranch, Faubion drove seven miles at high speed to get it. But its rope was gone.

Faubion stripped the ranch of lariats and hastened back.

Tied together, the lariats came to more than 300 feet. The line was dropped into the pipe.

Eagerly, the boy called, "Daddy I can hold on to it while you pull me up."

But the father wasn't going to gamble.

"No," he shouted, "you put the loop under both your shoulders."

Struggling in the pipe, Harry got the loop under his arms.

Spelling each other, the men pulled on the rope, hauling the boy up slowly. They stopped at intervals to be sure the loop was holding.

Finally, Harry was out, put aboard a waiting ambulance and taken to the hospital.

Faubion said, "He's the bravest and luckiest boy in Arizona."

Said his dad proudly, "He always did mind good."

## Tire Industry in Cuba Killed by Lack of Materials

HAVANA (AP) — Despite the Castro regime's boast that it has thwarted the U.S. economic embargo of last October many Cuban industries are paralyzed by shortages of raw materials and spare parts or operating only sporadically, industrial sources reported today.

This is particularly true of enterprises formerly owned by Americans. The sources cited the once-flourishing tire industry as a prime example.

It used to turn out 10-12,000 automobile and truck tires a week. Now it produces a trickle of about 300 from one of four factories that used to be run by Goodyear, Goodrich, Firestone and U.S. Rubber.

This plant will close down its production line Tuesday because of acute shortages of raw materials, said an industrial expert.

"Unless some carbon black and certain other essentials are found quickly, Cuba's tire production is a dead duck," this expert said.

Sources said Cuban authorities made desperate efforts to get substantial quantities of carbon black in Canada but failed. They turned next to Europe, seeking offers on both sides of the Iron Curtain without immediate result.

Washington banned U.S. exports of everything but food and medicine to Cuba four months ago in retaliation for Castro's virulent anti-United States campaign, his nationalization of almost all U.S. property in Cuba and his increasingly close ties with the Communist bloc. Cuba used to buy about 75 per cent of all its imports from the United States, or about \$300 million worth a year. This has been cut to a third.

The picture is the same in other plants seized from American or private Cuban owners, industrialists here said. Failure to get new raw material and spare parts sources before existing supplies ran out is largely to blame.

The picture is brighter in the more vital field of sugar production. Two independent foreign experts who recently toured many sugar centers in central and eastern Cuba said they were highly impressed by the first government-handled harvest.

## Accident Mars Rescue of Boy

HOUSTON, Tex. (AP) — A 2-year-old boy suffered a fractured skull after being dropped by his mother from the second-story ledge of a blazing wooden apartment house early today.

"The neighbors yelled for me to drop him and they would catch him. I dropped him but they didn't catch him," sobbed Mrs. James White at a hospital where she was taken for shock and minor bruises.

Her son, James White Jr., was reported in critical condition.

The mother was rescued by firemen. Fourteen other occupants of the apartment house escaped as fire destroyed the structure.

## Drought Hits Red China

TOKYO (AP) — Communist China, plagued through the winter by natural disasters, said today the provinces of Honan, Shantung and Hopei are experiencing a serious drought.

## Here Are Key Kennedy Views On Education

WASHINGTON (AP)—Here are key quotations from President Kennedy's message to Congress today on education:

"The human mind is our fundamental resource."

"Education must remain a matter of state and local control, and higher education a matter of individual choice."

"We cannot obtain more and better teachers—and our children should have the best—unless steps are taken to increase teachers' salaries."

"A total of 600,000 classrooms must be constructed during the next 10 years."

"In accordance with the clear prohibition of the Constitution, no elementary or secondary school funds are allocated for constructing church schools or paying church school teachers' salaries."

"We must assure ourselves that every talented young person who has the ability to pursue a program of higher education will be able to do so if he chooses, regardless of his financial means."

## Teays Valley Buys Land for New School

The Teays Valley Board of Education has purchased the land for its new \$1,760,000 high school.

A 50.187-acre tract was purchased from Ralph H. and Rosa A. Peters at \$1,000 per acre. The new school site is located near the intersection of Route 752 and the Circleville-Lockbourne Eastern Road.

An additional 12 acres adjoining the tract is to be bought by the school district. The 12-acre tract is owned by Mr. and Mrs. Herman Kuhlwein and son, and Judge Guy Cline, all of Ashville.

Judge Cline said today that a tentative agreement calls for \$1,000 per acre, the same price paid for the Peters' land.

The new school, which will house students from Ashville, Walnut and Scioto Twp., is expected to be ready in the fall of 1962.

## Kennedy Seeks To Aid Both Schools, College

### Building, Teacher Pay, Scholarships Form Heart of Program

WASHINGTON (AP) — President Kennedy today proposed a \$5.7 billion aid-to-education program designed to set "a new standard of excellence in education" available "to all who are willing and able to pursue it."

In a special message to Congress, the President called for:

A three-year program of outright grants to the states for use in building classrooms or raising teachers' salaries. It would provide an average of \$19.75 for each child in average daily attendance in public elementary and secondary schools the first year, increasing to an average of \$24.22 the third year. Total cost: \$2.3 billion.

For classroom construction and/or teachers' salaries in the fiscal year 1962, the amount per pupil in average attendance in public schools in Ohio was set at \$16.30, or a total of \$28,735,988; for 1963 fiscal year, \$18.56 and \$33,879,936; for 1964 fiscal year, \$20.71 and \$39,031,368.

A five-year program of college scholarships, averaging \$700 each with an additional \$350 to colleges and universities for each scholarship winner enrolled. There would be 25,000 scholarships the first year, 37,500 the second, and 50,000 thereafter. Total cost: \$577.5 million.

On scholarships, a total of 1.329 in the amount of \$300,300 for fiscal year 1962, 1.968 scholarships in the amount of \$6,977,600 by fiscal year 1966, were recommended for Ohio.

Continuation of the 10-year-old program of long-term, low-interest loans to colleges and universities for dormitory construction, at a rate of \$250 million a year for five years. Total cost: \$1.3 billion.

Establishment of a similar loan program for the construction of college classrooms, libraries, laboratories and other academic facilities, at the rate of \$300 million a year for five years. Total cost: \$1.5 billion.

No funds were recommended for constructing schools or paying church school teachers' salaries. But no distinction was made between public and private institutions regarding college scholarships and loans to colleges.

Kennedy said he will ask Congress at a later date to amend and expand the National Defense Education Act of 1958. The act authorizes the college student loan program and emphasizes improved instruction in science, mathematics and modern foreign languages.

He also said his administration will review the government's current programs in vocational education.

The President told Congress, "This is a modest program with ambitious goals."

It does, indeed, fall far short of the recommendations he received from his special task force on education last month, and short even of the aid to education bill which died in Congress last year after passage in the Senate.

Kennedy's proposed grants to the states for classroom construction or teachers' salaries would cost \$666 million the first year, \$766 million the second, and \$866 million the third.

The task force, headed by President Frederick L. Hovde of Purdue University, called for \$30 for each pupil in average daily attendance, plus \$20 per pupil in states below 70 per cent of the national average income, plus \$20 per pupil to cities over 300,000 population. The first-year cost was put at \$1.5 billion.

The Senate bill passed last year called for an average of \$20 per pupil with a first-year cost of \$928 million.

During the first year, the amount of money made available under the administration program for each pupil in average daily attendance would range from a minimum of \$15 in nine states and the District of Columbia to a high of \$29.67 in Mississippi.

The formula for allotting the federal money is based on the state's total personal income per each child in average daily attendance compared with the national figures.

## Deaths and Funerals

**MRS. LEWIS WILKINS**  
Mrs. Lewis (Mary Chloe) Wilkins, 75, Ashville, died yesterday morning in the home of her daughter, Mrs. James Reed, Ashville.

She was born Aug. 29, 1885, in Monticello, Ill., the daughter of Wilson and Samantha Failer Dresbach.

She was preceded in death by her husband, Lewis, in 1952. Mrs. Wilkins was a member of the Ashville First English Lutheran Church and a member of the society for women of the church.

Survivors include her daughter, Mrs. Reed, Ashville; a grandchild; and a sister, Mrs. Imo Prior, Birmingham, Mich.

Services will be at 1:30 p. m. tomorrow in the Bastian Funeral Home, Ashville, with Pastor Robert Gruenberg officiating.

Burial will be in Harrison Twp. Cemetery. Friends may call at the funeral home.

**MISS JANIE MOSLEY**  
Miss Janie Elizabeth Mosley,

Stores To Offer

7 Emergencies

Seven emergencies were treated and released at Berger Hospital during the weekend.

**David Bass, 14, of 607 S. Scioto St.,** cut his right foot when he stepped on a broken pop bottle at Paint Valley High School Saturday.

Valerie Hamilton, 17, of 1063 Georgia Road, cut her left leg when she fell at Circleville High School Saturday.

Danny Brungs, 18 months son of Mr. and Mrs. Edward Brungs, 901 S. Washington St., received treatment after he drank a bleach solution at home Saturday.

David Hulse, 8, son of Mr. and Mrs. Maynard Hulse, Ashville, suffered scalp laceration when accidentally hit by a rock at home Saturday.

**JERRY Olney, 14, of 345 Sunnyview Drive,** received lacerations of the right arm when he fell through a storm door at home yesterday.

Kathy Tatman, 2, daughter of Mr. and Mrs. Earl Tatman, 156 Griner Ave., cut her chin when she fell while playing at the home of her aunt yesterday.

Tom Jackson, 26, Columbus, received a laceration of the left thumb when a knife slipped while cutting tile here yesterday.

Juvenile Gets  
Probation on  
Weapons Charge

A 17-year-old boy was placed on probation for three years Friday by Juvenile Judge Guy Cline.

The 17-year-old delinquent, carrying concealed weapons, was apprehended here Wednesday by City Police.

Judge Cline sentenced him to the Mansfield State Reformatory, but suspended the sentence and placed him on probation.

Water Use  
Near Normal

Discovery of Leak  
Ends Wet Mystery

**WATER WORKERS —** Robert Cupp, right, and Dale Lannan, talk to Eugene White, in manhole, as they worked today to lay a new water line under Route 23. A big leak was found in the old line beneath the highway.

Work began today to repair a water line leak under Route 23, west of the Container Corporation of America plant.

The leak was discovered Friday. It apparently was the major culprit in the daily loss of about 100,000 gallons of water here.

Ervin Leist, city utilities manager, said that consumption figures are about "back to normal," since discovery of the leak. The broken line is a 3-inch, running beneath Route 23 to the sewage treatment plant.

Leist reported pumping was 1,000,000 gallons Thursday, 951,000 gallons Friday, the day the leak was discovered. It dropped to 752,000 gallons Saturday and 680,000 gallons yesterday, which is about normal.

Plans call for abandonment of the old 3-inch line and replacing it with a new one, running under Route 23 through a 48-inch storm sewer.

**Temporary Tag Lost**  
Gerald Hixson, Circleville, told local police yesterday he lost a 10-day temporary license tag. The number is 418383.

Two Schools  
To See Movie  
On Engineers

As part of local activities in connection with National Engineers' Week, this week, students at Logan Elm and Williamsport High Schools will get information on that profession from Circleville engineers.

At 2 p. m. tomorrow, Logan Elm students will see "Engineering for Eddie", a motion picture which shows careers available for engineers. There will be a discussion period after the movie.

The local chapter of the Southern Ohio Chapter of the Ohio Society of Professional Engineers will sponsor a similar program from Williamsport students at 2 p. m. Thursday.

Theme for National Engineers' Week is "Engineering — the Career of Opportunity."

Man Is Attacked,  
Suffers Lacerations

Clarence Greeno, Stoutsville, was treated at Berger Hospital during the weekend for a cut over the left eye and on the chin and a stab wound in the left arm.

The incident was reported to the sheriff's department Saturday night. Greeno told deputies he did not know who attacked him.

Deputies are continuing the investigation.

Camera Missing  
At Local Store

Ned Schreiner, operator of Beaver's Studio at 110 S. Court St., reported the theft of a movie camera to local police.

Schreiner said the used camera was valued at \$175. He said it apparently was taken from the counter during business hours.

Patrolmen William Brungs and William Goff investigated.

**WESTERN and SOUTHERN LIFE**  
A REPORT OF DYNAMIC GROWTH

**ASSETS**  
1940 \$188 MILLION  
1950 \$423 MILLION  
1960 \$1,059,177,853.71

**INSURANCE WRITTEN**  
1940 \$173 MILLION  
1950 \$264 MILLION  
1960 \$5,241,276,317

**INSURANCE IN FORCE**  
1940 \$993 MILLION  
1950 \$2,185 MILLION  
1960 \$5,241,276,317

The record above speaks for us and we proudly acclaim our progress. This growth means over six million policyholders pleased with the protection they own. It means a sales force well-trained and responsive to the needs of the millions of men and women they serve.

These factors have brought national leadership to The Western and Southern Life Insurance Company.

Each year in greater numbers people guarantee their financial future with our policies. At the end of every year our protection embraces more people insured for more money. Each year our resources increase at an ever rising rate.

The Company's growth has necessitated expansion of Home Office and Field Agency facilities throughout the nation. During 1960 a new seven story building was added to our Home Office, marking the second major improvement in three years. A newly erected office building was opened as Western Regional headquarters at 2600 Wilshire Boulevard in Los Angeles. There are now six regional offices.

Sound principles of management and faithful and competent service will continue to be our foremost objective.

## Medicine Brewed in Capital For Nation's Ailing Economy

NEW YORK (AP)—Business attention centered this week in Washington, where medicine was being brewed for the ailing economy.

President Kennedy said flatly that "we have been in a recession for some months."

House Speaker Sam Rayburn called the unemployment problem the most urgent since the 1930s.

These moves were taken to stimulate business.

The President said that within the next few weeks he would send to Congress a new talk incentive plan to spur business and industrial modernization. He urged state governors to quickly put to use more than \$1 billion in federal aid road funds.

The Pentagon announced it would begin awarding two to three months earlier than planned \$650 million in contracts for such items as clothing and weapons.

The Defense Department studied whether it can advance construction schedules involving about \$500 million in next fiscal year.

The Reclamation Bureau planned to speed contract awards for reclamation construction and equipment.

The small business administration decided to give special consideration in defense contract awards to more firms in areas of high unemployment.

The steps were taken against a gloomy backdrop of statistics.

The government reported that in January the industrial output declined for the sixth consecutive month and personal income dropped for the third month.

Production of mines, factories

and utilities fell one per cent to a level eight per cent below record January 1960. Personal income slumped \$600 million to an annual rate of \$406.3 billion, down from \$409.7 billion in October.

Retail sales in January declined for the third month to 17.7 billion two per cent below last December and January 1960. The Labor Department reported workers drawing unemployment compensation increased 61,500 in the week ended Jan. 28 to 3,293,500, a record for the period.

### State Tax Report Due April 30

COLUMBUS, Ohio (AP)—Many Ohioans have a state—as well as federal—tax return to file in the next couple of months. Tax Commissioner Stanley J. Bowers warned today.

It's the personal property tax, and returns are filed with the county auditor. Any individual, partnership, association or corporation engaged in business, and all Ohio residents who own such intangible property as stocks, bonds or notes, must file a return.

Tax Department examiners found more than 22,000 delinquent taxpayers in the state during 1960, the chief of the department's personal property division, George S. Simpson, reported.

"This is due mainly to new taxpayers who don't understand Ohio's law on the subject," Simpson said. "Of course, we get a few repeat violators, but once a taxpayer is on the rolls, we usually have no further difficulty."

The deadline is April 30. The tax return filing period began last Wednesday. Penalties range from 5 to 50 per cent of the tax, plus one-half per cent interest per month.

Money collected goes into the county treasurer's general fund for schools, libraries, health, police, fire protection and other services.

More than any other man, Washington has contributed to the founding of our wide-spread empire and given to the Western World, independence and freedom.

## The World Today

WASHINGTON (AP) — President Kennedy may someday get political pneumonia from over-exposure in public. But not now. Meanwhile, he is doing a unique job of public relations in the White House.

A president's popularity is always at a high mark in his first few months. So any danger that Kennedy will wear out his welcome must come later.

What is unique is that he is trying to establish as much personal contact as possible with the people on TV, before news cameras and in public statements. No matter what his purpose, he is also providing an education in the presidency.

Last week, for instance, TV showed him in his office conferring with his budget bureau aides and talking on the phone during the Congo crisis with Ambassador Adlai E. Stevenson at the United Nations.

Sunday the New York Times' magazine section had four pages of pictures of Kennedy at work in the White House with his assistants, advisers and department heads.

He already has had four televised news conferences, three of them live.

There was no TV in President Roosevelt's time. He couldn't get around much because of his confinement to a wheel chair. His only direct contact with the masses was as a voice over the radio.

Thus he had to depend mostly on the magic of his voice to create a sense of himself. His news conferences, which he used for all they were worth to get his ideas across, appeared only in print.

President Truman completely lacked a dramatic sense. He, too, had to depend on news conferences and almost entirely on radio to reach the public directly.

President Eisenhower had TV, which he used from time to time to make statements or explanations.

**City School Science Conferences Planned**

COLUMBUS, Ohio (AP) — The Ohio Science Education Association plans a series of conferences in city school systems to improve the science background of elementary school teachers. It also will arrange for these teachers to visit industry to help them learn more about science. Also in the association's program, said its president, A. M. Forrance of Sharonville, are how-to-do-it workshops on science education techniques with school children.

tions. Otherwise, his public appearances were mostly on journeys or on TV news conferences shown hours after they occurred.

Any sight of Eisenhower in the White House was usually formal. Kennedy's attempts to make the country conscious of him as an individual and as a president parallels in a way the public appearance technique he used when he represented Massachusetts in Congress.

When he ran for the House he used neighborhood receptions to meet a lot of people personally at one time. He did the same on a statewide scale when he ran for the Senate.

For some years before he sought the presidency he was forever moving around to meet people, individually or in groups, to establish personal contact and build an image of himself as a man for the White House.

He is not running for anything now. But he is trying to establish himself clearly as a leader, particularly when dealing with Congress. If he can line up wide public support, his task with Congress will be easy.

In addition, his activity gives a sense of movement, which is im-

portant for him to get across to the vast and slow-moving government bureaucracy.

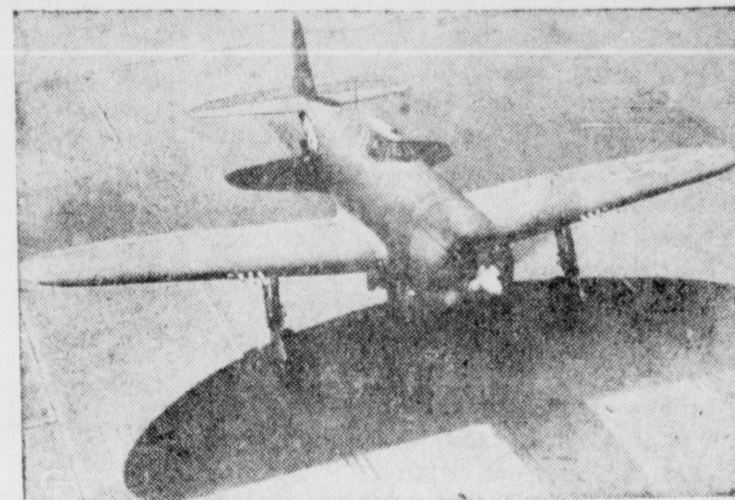

Kennedy is said to have been greatly impressed by Richard E. Neustadt's acute book, "Presidential Power." He has brought the Columbia professor into his camp as an adviser on government.

Neustadt went into great detail on a president's public relations and their importance in doing his job. He said: "If he would be effective as a guardian of public standing he must be effective as a teacher to the public."

### Glass Container Price Slated for Increase

TOLEDO, Ohio (AP) — The Owens-Illinois Glass Co. says prices on its glass containers will go up effective April 1.

Ray H. Mulford, executive vice president in charge of glass container operations, said a cost-price squeeze last year resulted in an 18.7 per cent drop in earnings despite an \$8 million increase in sales. He said price increases will vary as indicated in a study of present cost-price relationships. The firm said this is its first such price boost since 1957.

**CALLING ALL 'JUG' DRIVERS** — Know this plane? During World War II it flew 546,000 combat sorties, destroyed or damaged 11,874 enemy planes, 9,000 locomotives and 60,000 other enemy units of rail and motorized equipment. It was called "Jug" affectionately by its pilots, who now are being invited to a reunion, May 2, on the 20th anniversary of the "Jug's" maiden flight. It is the P-47 Thunderbolt, its maker, Republic Aviation Corporation, Farmingdale, N.Y., has sent out a call to all former Air Force pilots who flew the "Jug" in combat. If enough old timers are heard from, a big celebration is planned. (Central Press)

### How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Spring-like weather ended abruptly over Ohio with the passage of a cold front over the state early Sunday morning. Cloudy skies prevailed with a few light snow flurries in the northern section, and brisk northwest winds dropped temperatures to the low 30s.

A high pressure area moved over Ohio during the night, giving the state clear skies and colder temperatures. Early morning readings today ranged from 15 at Toledo to 27 at Cincinnati. Cleveland had 20, Columbus 22.

Mostly fair weather will prevail over the state today. A low pressure area is developing over Louisiana meanwhile and will spread increasing cloudiness over the state tonight. Rains spreading northward will begin late tonight in the southern section.

Rain will be general over the state Tuesday. A little warmer temperatures are indicated to-night and Tuesday.

A life-size statue of Tom Thumb stands atop a 40-foot shaft in Mountain Grove Cemetery in Bridgeport, Conn.

State of Ohio, Department of Insurance, Certificate of Compliance—The undersigned, Superintendent of Insurance of the State of Ohio, hereby certifies that FIDELITY LIFE ASSOCIATION, A MUTUAL LEGAL RESERVE COMPANY, of Fulton, State of Illinois, has complied with the laws of this State applicable to this class of companies and is authorized during the current year to transact in this State its appropriate business of insurance on the mutual plan. Its financial condition is shown by its annual statement to have been as follows on December 31, 1959: Amount of assets, \$25,589,746.45; Amount of liabilities, including re-insurance reserve, \$22,590,905.38; Surplus, \$3,142,841.07; Income for the year 1959, \$1,335,558.60; Expenditures for the year 1959, \$2,842,400.26.

IN WITNESS WHEREOF, I have hereunto subscribed my name and caused my seal to be affixed at Columbus, Ohio, this day and date, July 1, 1960. Edward A. Stoevel, Superintendent of Insurance of Ohio. Mutual Company (Seal) 144

Much Evidence of Corruption

While there are denials of politics, there are strong overtones of the New York City mayoralty contest in the argument between Governor Rockefeller and Mayor Wagner, and in the demand by the mayor that Tammany leader Carmine G. De Sapio resign.

There was so much evidence of corruption and chiseling in New York City, some of it admitted by the mayor, that the state put an investigating agency into operation.

It had not been working long until the mayor loudly protested that the state investigators were indulging in "smear and run" tactics. This the governor denied. Then the mayor got in another lick by charging that some of the state agencies are "notorious happy hunting grounds for the chiseler."

This put the governor on the defensive. He said he would not tolerate chiseling in

the state government and demanded that the mayor prefer specific charges. Rockefeller repeated his charge that there seems to be an awful lot of corruption in New York City. If so, it wouldn't be the first time.

There the matter rests for now. But President Kennedy is taking a hand in the deep division of the Democratic Party of New York, and the Republicans have high hopes of replacing Wagner with a GOP mayor in 1962.

Courtin' Main

About the only place left where a woman can't take a man's place is at the altar.

Are Finicky People Neurotic?

By Hal Boyle

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail.

If you are too finicky about what you eat, it may be a sign you're neurotic. Psychologists say normal people have fewer food dislikes than the emotionally disturbed.

The country isn't going to the dogs—it's going to the horses. The population grew only 18 per cent in the last decade, but attendance at thoroughbred race tracks leaped more than 55 per cent. In 1960 some 33,933,786 track visitors bet \$2,507,061,567.

Even doctors are finding it difficult to keep up with all the new "wonder drugs." In the last 20 years more new specific drugs have been developed than in all previous medical history.

Good advice: Don't feel downhearted if you strike out when attempting to do something. Babe Ruth struck out 1,330 times in his career, but that isn't what he's best remembered for.

Juvenile puffers: A survey showed some British parents pack cigarettes in their children's school lunch boxes. A fourth of 2,500 young smokers (age 9 to 17)

said they did so with full parental knowledge.

Our quotable notables, "all the discontented people I know," said David Grayson, "are trying sedulously to be something they are not, to do something they cannot do."

Have you made out your will yet? Two of every five adult Americans haven't. One big reason: Many have a foolish superstition it will bring bad luck. (But the only bad luck it brings is to their survivors.)

Latin isn't as dead a language as you may think. In New England a monthly magazine, printed entirely in Latin, has 30,000 subscribers around the globe.

Zoo facts: The ancients thought the leopard was a cross between a lion and a panther. This explains its name—leo for lion, and pard for panther.

Red-faced apology: Recently we said anyone wanting to give his girl an unusual valentine could surprise her with a mile of pennies for only \$220. Well, lovers, our arithmetic couldn't have been worse. At least 999 readers have written in to point out that there are 16 pennies in a foot, and a

Why Be So Serious?

By George Sokolsky

Is politics the total of life? We are too often told that the United States having become a world leader, the American people should all become historians, international lawyers, exchange experts, sociologists and economists.

The fact is that most people prefer to mind their own affairs, knowing a little of this and that, getting acquainted with Kasavubu but also with Marilyn Monroe and the First Lady, and wondering whether fights are fixed.

Let us put it another way. Last Sunday, many musicians were interested in Aaron Copland music as provided by Leonard Bernstein and the New York Philharmonic. Personally, I have not been a dis-

ciple of Copland, admitting quite freely that I do not always understand what he wants to say.

Leonard Bernstein, however, has a gift for teaching and as he explained his friend, Copland, to the young people who were listening at Carnegie Hall and the older people who were watching television, I had a new listen to Copland and a better understanding.

It is true that the time I spent on Copland might better have been reading Mao Tse-tung's attacks on Khrushchev, but there it is, I was diverted to Copland. Maybe, one should never look at Perry Mason because he diverts from the very serious problem of gold.

During the Summer I live far away from wisdom and devote my days to reading principally those remote volumes which I forgot to look at earlier in life. Also I read a local newspaper which tells about new road repairs in the county, about who was born or died, of new visitors to various friends, etc.

Also, the world in which I am geographically situated during the Summer is musical. All kinds of music festivities occur. Also there is the dance. So I like to read the local newspaper which tells me what I want to know.

To me, all this is very important and it is equally important to my

LAFF-A-DAY

"The topic of this evening's forum is 'How modern man spending his new-found leisure time?'"

SMALLEST PARATROOPER—All that stuff about paratroopers being big and beefy doesn't hold with Pfc. Tully Strong, and neither does all that "big" legend about Texas. Strong not only is a mere 4-feet-5, but he's from Fort Worth. The smallest paratrooper of them all is shown with a buddy, Sp/4 Douglas West, on maneuvers in the Anchorage region.

The Business World

By Sam Dawson

NEW YORK (AP)—The money broker is a busy fellow in today's livelier securities market.

He is the middle man for foreign and domestic banks with idle funds and the investor who scents a good thing in a bond or stock but hasn't the cash handy to swing the deal.

There are only a few such brokers in the field and demand for their services fluctuates widely. During the big 1958 flurry in U.S. government bonds, single loans ran as high as \$50 million. (The bonds dropped so far below redemption price as to tempt many with little cash.)

D. H. Blair & Co. estimates that on an average day around \$4.5 million in new loans are floated and perhaps \$600 million are outstanding. It has handled as much as \$30 million in a day and usually has about \$200 million outstanding.

Garvin-Bantel & Co. says it has had as much as \$140 million from one bank alone to place.

Here is how the money broker works:

He keeps in contact with many banks. D. H. Blair, for example, has some 250 correspondent banks in the United States, Canada and overseas. One of these banks will tell the money broker the amount it can lend, for how long, and on what securities.

The money broker then informs

partners of other brokerage houses with whom he is in close contact what funds are available on specified bonds, convertible debentures or common stock. He specifies what interest is asked on the loan and how long it can run.

If the brokerage house has a customer looking for a loan to carry such a security, the money broker extends the necessary papers, including the pledging of collateral (the securities themselves).

Most banks prefer to keep such loans to 90 days. But most borrowers renew for another period, at interest rates then prevailing, and most hold their investments for at least six months to establish long-term gains for tax purposes.

Interest rates, including the money broker's service charges, currently run from 4½ to 5½ per cent. They are usually higher than returns on prime commercial paper and well ahead of yields on the treasury's three-month bills.

The money broker also acts for the bank in contacting the borrower should the market price of the security drop and threaten the cash margin required. The solution: Sell, or put up more security or cash.

The brokers adhere to Federal Reserve margin rules, currently requiring 70 per cent cash on common stocks.

Only a small part of the money broker's business as such is in common stocks. D. H. Blair puts this currently at 5 per cent of its total mortgage brokerage transactions.

Usually the top volume is in U. S. government securities, on which many banks will lend up to 95 per cent. Loans on top convertible debentures (like corpor-

ate bonds except that they can be exchanged for common stock) can run as high as 85 per cent.

Of late, Garvin-Bantel says, loans for purchases of convertibles have topped U.S. securities.

Why do individuals wanting to borrow money to hold securities for an expected price rise go to the New York brokerage houses perhaps served at least in part by funds lent by their own home town banks? Charles Miller, a general partner of D. H. Blair, surmises: "They may need their local credit lines for other business reasons. The amount they seek may be too big for local borrowing. Or they may just not want their investments known to others in their communities."

But if you're ogling 10 shares of a \$10 stock or a couple of U.S. treasury bonds now selling below redemption value, don't go running to the money broker.

The smallest transaction D. H. Blair will handle is \$25,000.

## Patricia Hockman Engaged To Mr. Ronald E. Miller

MISS PATRICIA HOCKMAN

Mr. and Mrs. O. L. Hockman, Route 1, today announce the engagement of their daughter, Patricia, to Mr. Ronald E. Miller, son

### GOP Boosters Plan Dinner-Meeting

A Lincoln-Washington dinner will be staged at 7:30 p.m. Thursday by members of the GOP Booster Club in the home of Mrs. Howard Clark, 221 Walnut St.

### DUV Past Presidents To Meet Tomorrow

Miss Nellie Palm and Mrs. Irene Jenkins, 152 E. High St., will be hosts to members of the Past Presidents Club, DUV, at 7:30 p.m. Tuesday.

### Meeting Is Postponed

Berger Hospital Guild No. 29 meeting which was scheduled Thursday has been postponed until Wednesday, March 1. The session will be held at 7:30 p.m. in the home of Mrs. Ronald Dreisbach, Route 1. Mrs. Marvin Conkle is co-hostess.

of Mr. and Mrs. Gerald E. Miller, Dunkle Road.

The bride-elect is a 1959 graduate of Pickaway Twp. High School, School, and a 1960 graduate of Bliss College, Columbus. She is secretary for Falco, Smith and Kelley, Inc., Realtors, Columbus.

Mr. Miller was graduated by Circleville High School. He attended Ohio State University. At present is a student at Columbus Business University. He is associated with Industrial Transmission Supply Co., Columbus.

No definite date has been set for the wedding.

### Pleasant View Aid Schedules Session

At 2 p.m. Wednesday, members of the Pleasant View Aid will meet in the home of Mrs. Earl Heffner, 352 E. Franklin St., for their February meeting.

### Helping Hands Class To Meet at Dades

Helping Hands Class of the Second Baptist Church will meet at 8 p.m. tomorrow in the home of Mrs. Emmett Dade, 819 Clinton St.

## Dear Abby...

By Abigail VanBuren

### They're a Close-Knit Team!

DEAR ABBY: Louie and I are happily married, but there is one thing we always fight about. He has five sisters and four brothers... all married. And we live within driving distance of each other. Now, Abby, I love his family but I would like to see somebody else once in while. Not Louie! All he wants to do is go to one of their houses, or invite them to ours (and you know how Italian families are—you can't invite one without the other).

Don't get me wrong; I enjoy being with his family, but isn't there something wrong with a man who doesn't care to make a few outside friendships?

LOUIE'S WIFE  
DEAR WIFE: A person who refuses to venture outside his own family circle for friends usually lacks the initiative and self-confidence it takes to cultivate friendships. If you can't help him, don't fight him.

DEAR ABBY: My Mommy and Daddy got a divorce and I live with my Mommy. My Mommy says that Daddy is a very nice man. When Daddy takes me to his place on Sundays, he says that Mommy is a very nice woman. If my Daddy is so nice and my Mommy is so nice, please tell me why they couldn't get along with each other and stay married?

PATTY ANN (Age 9)  
DEAR PATTY: Because they didn't try hard enough.

DEAR ABBY: There is a real cute boy on our block and I like him very much. But another girl on our block has her eye on him, too. How can I get him to notice me before he notices her?

IN A HURRY  
DEAR IN: Don't be in such a hurry. Boys are not fish—the one who sees him first doesn't always land him. Play it cool and take your chances.

DEAR ABBY: Bless your heart for advising the wife of a mental patient to stick by him and not divorce him. I am presently under treatment in a mental institution and I know that if I didn't have my husband to go home to I would have nothing to live for.

FIGHTING TO GET WELL

Yes, Abby will answer your letter personally if you write to AB-BY, Box 3365, Beverly Hills, Calif., and enclose a stamped self-addressed envelope.

## Calendar

MONDAY  
AMERICAN LEGION AUXILIARY members at 6:30 p.m. at bus station for visit to Chillicothe Veterans Hospital.

BERGER HOSPITAL GUILD NO. 23 at 8 p.m. home of Mrs. Kirk Cupp, 580 Ridgewood Drive.

SUNDAY  
TRINITY LUTHERAN COUPLES Club at 6:30 p.m. in parish house.

### Couples Club Slates TV Talent Show

Guest night will be recognized at the February meeting of the Trinity Lutheran Family Circle meeting at 6:30 p.m. Sunday in the parish house.

The program will be a TV Talent Show conducted by Mr. and Mrs. Truman Eberly and Mr. and Mrs. Gladden Troutman.

## Once There Were 7; Now She Is Alone

THE PICTURE HAS CHANGED — In this photo taken during Christmas, 1959, are Mrs. John Eastman, Carol, 3, Mary, 5, Pamela, 7, James, 4, Thomas, 7½ months, and the Rev. John Eastman. However, since her family was killed in a car crash, Nov. 11, Mrs. Eastman will not allow herself to be photographed.

LEWISTON, Minn. (AP) — The happy shouting and cries and warmth that surrounded her are gone. So are six children and their father.

These are quiet days for Mrs. Donna Eastman, an attractive, dark-haired woman of 28 as she picks up the threads of a life shattered beyond the imagination.

She is the widow of the Rev. John Eastman, popular Presbyterian minister of two small churches here and at nearby Utica. He and their six children died when their car was ripped apart on a concrete bridge last Nov. 18.

He was 28, the children 7 years to 7½ months. Mrs. Eastman learned of their passing when she returned from an evening at a high school class play.

The gray clapboard parsonage is empty, the toys and small clothing packed away. Where romping children tumbled to greet their father at the door there is silence.

But the tears are gone, Mrs. Eastman's voice steady, her eyes bright. She smiles occasionally, and talks not of the past but of her life ahead.

How does one begin anew after a personal tragedy so great it stirred nationwide headlines?

"It would have been easy to withdraw into a shell," she says, "but not good. 'We always believed you had two choices — to go ahead or go back.'"

She returns to Lewiston occasionally now after living with her parents, Mr. and Mrs. Rodney Anderson of Vernon Center, Minn.

She wants to return here to live — and wait for the birth of her seventh child, due in April.

Will the baby be a link with the past? No, says Mrs. Eastman.

"If you believe, death is not the final end."

Beside his church work John Eastman drove a school bus to help with the bills.

With great faith he was unflinching in helping those bereaved by other deaths that touched the little community of 900 in southeastern Minnesota. These things helped prepare the young wife.

Donna Eastman is following the philosophy she and John developed soon after their marriage: "Make the best of it."

She would like to be a writer, hoping someday to publish fiction. Soon, she will return to college, probably to classes at Winona State 15 miles east of here.

Talking freely of her plans recently, she wore gray slacks and a plaid maternity jacket. Her hair was neat and trimmed short.

Not reticent about her plans or pregnancy, she nevertheless was firm in refusing to be photographed.

"So far I've been able to walk down the street without strangers pointing me out."

Encounters with friends, she acknowledges, are sometimes not

easy. It has seemed harder for them, at times, to find words than for her.

About 1,500 persons across the country wrote their condolences and sent money in the weeks following the accident.

She has assigned herself the task of answering them in the weeks before her baby arrives.

The white frame church on Lewiston's main street still has no regular minister. Its glass-covered sign still bears the name of the

## Dinner Honors

Ray Anderson,  
Mrs. Fausnaugh

Ray Anderson, 204 E. Mound St., retiring fireman, was guest-of-honor at a dinner yesterday in the home of Mr. and Mrs. Noble Barr, 160 Town St.

Guests included Mrs. Anderson, Mr. and Mrs. Norman Anderson, Mr. and Mrs. Glen Jones and sons, Brad and Scott.

Mr. and Mrs. Barr also were hosts at a birthday dinner recently in honor of Mrs. Albert Fausnaugh.

Those attending were Mr. and Mrs. Lewis Seimer and sons, Neil and Robert, Miss Priscilla Bresler, Mr. and Mrs. Arthur Routt, all of Lancaster, and Mrs. Viola Seimer, Amanda.

Rev. John Eastman. Above it, in white letters, remains the title of what was to have been his sermon: "Like no other Man."

## DOES GETTING UP NIGHTS MAKE YOU FEEL OLD

Thousands are now discovering how much stronger and better they can feel by combating ordinary kidney or bladder irritations. These irritations often occur after 35, and may make you tense and nervous from too frequent urination or, secondarily, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by soothing irritating germs in strong, acid urine and by giving analgesic pain relief. Safe for young or old. Get CYSTEX at drugists. Feel better fast.

## Ohio Collegiate Cage Season in Final 2 Weeks

**OU Grabs Mid-Am Crown, Wittenberg Tops Ohio Conference**

COLUMBUS, Ohio (AP)—Ohio's collegiate basketball campaign is waning—but the final two weeks are crammed with action.

Ohio State's top-ranked Bucks came within an eyelash of being upset by Iowa's scholarly 18-point underdogs Saturday night—but eked out a 62-61 win over the revamped Hawks after being behind for almost 38 minutes. That made it 20-0 for Ohio for the season.

The Iowa club, with four newcomers in the lineup after a quarter of starters had bowed out scholastically, led by 34-24 at the half, and missed a shot and tip-in try in the last four seconds which could have turned the conquest into disaster.

Tonight Ohio plays Indiana at Bloomington. The Bucks entertain Wisconsin here Saturday. A pair of wins would clinch at least a share of a second straight Big Ten title for Ohio, Indiana is 11-7, Wisconsin 4-14 for the campaign.

Ohio University, with a 74-72 squeaker over Bowling Green, grabbed its second straight Mid-American crown with a 10-1 record, and Wittenberg has the Ohio Conference laurels wrapped up for the third straight year.

Case Tech, with a 6-2 record, has a slight edge in the Presidents' Conference. John Carroll and W. & J. being deadlocked for second with 6-3. The runner-up teams clash Saturday on the Pennsylvania floor.

Defiance, defending king of the Mid-Ohio, was stalled Saturday in quest of its second straight title by second-place Ohio Northern, 89-82. That left Defiance with a 9-1 record and Ohio Northern 8-2. Wilmington (5-5) gets a crack at both leaders this week.

This week's 41-game schedule features 24 against out-of-state teams, in addition to the second annual Ohio Conference tournament frays at Akron and Capital universities Friday and Saturday.

Last week the Buckeye clubs won 18 and lost 13 in interstate play, for a season record of 176 victories against 127 losses. Home teams were victorious in 37 of 55 games, running their advantage over guest clubs to 350 to 168.

Cincinnati's fourth-ranked Bearcats, following Saturday's 81-52 win over Tulsa for their 14th straight and a 9-2 record in the Missouri Valley Conference, need only a win over North Texas Saturday to at least share the league crown.

Ohio University's Mid-American crown sends the Bobcats into the NCAA tournament. Their first foe will be Louisville, which whipped the Athens team 117-84 last Wednesday, but which dropped a 91-71 verdict to Dayton's resurgent Flyers Saturday.

Standout games on this week's slate include:

Monday: Ohio State at Indiana, Marshall at Bowling Green, Eastern Kentucky at Miami.

Tuesday: Kent State at Toledo, Ohio Wesleyan at Wittenberg.

Wednesday: Ohio Northern at Wilmington, Findlay at Defiance, Xavier at Dayton.

Thursday: Ohio U. at Miami, Cincinnati at Houston, Allegheny at Case.

Friday: John Carroll at Bethany, Western Reserve at Wayne.

Saturday: Wisconsin at Ohio State, Cincinnati at North Texas, Wilmington at Defiance, Ohio Northern at Ashland, John Carroll at W. & J., Case at Wayne, Eastern Kentucky at Dayton.

## Tennessee Coed Chalks Up Record

LOUISVILLE, Ky. (AP)—The \$64,000 question of the track world is: "What will it take to stop Wilma Rudolph?"

The seemingly unbeatable Tennessee A&I coed continued her onslaught against the record book before 9,925 here Saturday night in the first running of the Mason-Dixon games when she set a record in the women's 70-yard dash.

Miss Rudolph romped home in 7.8 or two-fifths second under the old 8.2 record set in 1935 by Stella Walsh of Poland.

No decrease in moonshine liquor production foreseen — news item. Still firewaters run deep?

Just drive up to our teller's window! A great time saver!

## Tigers Rally in 3rd Frame But Hillsboro Wins, 64-55

A rally in the third quarter brought Circleville within striking distance, but not close enough as the Indians of Hillsboro went on to chalk a 64-55 win Saturday night.

The contest was played at Paint Valley's gym in Ross County.

Hillsboro led 41-25 at halftime, but the Tigers narrowed the count to 46-39 as the third period closed. Hillsboro regrouped in the final frame to preserve the win.

The game turned out to be a fine scoring duel between John Cummings of Hillsboro and Sam Weller of Circleville. Cummings finished the evening with 24 points and Weller 23. Both are point leaders in the SCO.

CUMMINGS, a scrappy player in anybody's league, stormed for 19 points in the first half, then cooled considerably in the final two quarters.

Weller, utilizing his jump shot special around the key, was a mainstay throughout. He racked nine buckets and five foul tosses.

Hillsboro started fast to take a 26-16 first quarter lead behind the showmanship of Cummings. Weller kept CHS in the tilt, hitting three straight jumpers near the end of the period.

Hillsboro slowed down in the second frame with 15 points, but Circleville was able to score only nine.

Things started to look brighter for the Tigers in the third frame as they tightened their defenses to allow the Indians only nine points. The locals opened up for 14.

Sophomore Clesson Thomas again sparked for Circleville as he found the range for 17 points on six buckets and five free throws.

CHS again felt the sting of a pressing defense. Hillsboro clamped it on many times throughout the test with good results. One time in the first period, the Indians stole the ball three straight times.

## McGran Blasts Pins for 728

Art McGran had his shooting eye and shooting arm in fine coordination Saturday at Prairie Lanes Recreation.

The local kegler blistered the lanes with a 728 series in open competition. His high game was the second when he accounted for a 279. He hit a 205 his first try and finished the third with 244.

The steady bowler ripped off nine straight strikes in his second game. He started with a spare, then also spared in the 10th frame following a strike on his first ball.

McGran also marked in every frame in his last game. Twice he hit three strikes in a row.

## Desperation Putt Wins Tournament

TUCSON, Ariz. (AP)—A 27-foot desperation putt good for a birdie on the third hole Sunday gave Dave Hill of Jackson, Mich., victory in the sudden death playoff for top money in the \$20,000 Tucson Open golf tournament.

Former U.S. Open champ Tommy Bolt and California rookie Buddy Sullivan quietly headed for the clubhouse as the 23-year-old Hill leaped for joy. It was his first PGA victory.

The putt that wasn't meant to fall earned \$2,800 for Hill and trimmed Bolt and Sullivan's shares to \$1,670 each.

"I just hit it," said the elated youngster. "I had no idea it would go in. All I was trying to do was get close to the pin for a par."

Longest field goal kicked in the Big Ten last season was a 44-yard booted by Jim Bakken of Wisconsin against Marquette.

and scored on two of the pilfers. Cummings had some solid assistance from his mates. Harold Post added 13 points and Johnson and Grover 11 each.

Hillsboro tallied 22 buckets and Circleville 21, but the Indians cashed in on 20 foul tosses compared to 15 for CHS.

The CHS reserve team won its second thriller in two nights, besting the young Indians, 48-46.

Freddie Moore's 19 points provided the needed spark for the "Tens. David Bass got hot in the last half to rack up 10.

Doug Bays was high for Hillsboro with 22 points. Cluff added 11. Circleville is scheduled to finish its season Friday when Greenfield comes here.

Following this the Tigers will

## Seven Matmen From CHS Go To District

Circleville's wrestling team qualified seven men for District Tournament competition which starts Friday and continues Saturday at Whitehall.

The Tiger grapplers are among 88 wrestlers who qualified in sectional matches Friday and Saturday at Eastmoor and Franklin Heights.

Qualifying for Circleville are Jack Cook at 96 pounds, Tim Mogan 115, Bob Owens 123, Chuck McDowell 141, Tom Moore 157, John Williams 168 and Rupert Rudd in the heavyweight.

Cook will battle John George of Franklin Heights, Mogan vs John Holloway of Pleasant View, Owens vs Ron McCalla of Pleasant View, McDowell vs Dave Younk of Hilliard, Moore vs Al Meadors of Pleasant View, Williams vs Ned Lare of Hilliard and Rudd vs Bob Montgomery of West.

Action Friday at Whitehall starts at 7 p. m. Semifinals and finals are set for 1 p. m. and 8 p. m. Saturday.

## Lowrey Tops Baseball Golfers

MIAMI, Fla. (AP)—Little Peanut Lowrey outdrove and outputted his rivals to win the baseball players golf championship with a final round of 72 and a 72-hole score of 295.

Lowrey's two-over-par finish Sunday gave him a three stroke triumph over Baltimore Manager Paul Richards, who shot a 74 for a 298 total at the Miami Springs course.

The 5-foot-9 coach of the Philadelphia Phillies credited his victory to long smashes off the tees and to his steady putting game.

Alvin Dark San Francisco Giants manager also had a fine round, coming in with a 74 to tie defending champion Jim Hearn former Philadelphia pitcher for third place at 301.

## Runyan Wins PGA Seniors Crown

DUNEDIN, Fla. (AP)—Paul Runyan, is the new Professional Golfers Association seniors champion today.

Runyan carded a 3-under-par 69 for his final round of the tournament over the 6,614-yard national PGA course Sunday for a 72-hole total of 278, ten strokes under par and six strokes better than the previous tournament record.

In second place, three strokes behind, was Jimmy Demaret of Houston, Tex. Clarence Doser of Gaithersburg, Md., who led by two strokes at the start of the final day, finished third with 282. Runyan, playing in his third seniors, finished second the two previous years.

prepare for the Central District Class AA tournament which pens Saturday at the Fairgrounds Coliseum in Columbus. Drawing for the tourney will be held tonight at Willards in Bexley.

## Scioto Elks Explode for 101-80 Win

Scioto Elks exploded in the second half for a blizzing 101-80 win over VFW in the National Guard cage league yesterday.

In two other games, Hunsicker Grain rolled past McFarland's 83-59, Orient Farmers Exchange stopped Walnut Twp., 72-67.

Frank Mickey of Scioto scorched the nets for 35 points in pushing the winners over the century mark. Bill Johnson worked over the cords for 25, Larry Grant 21 and Jake Bailey 13.

Dick Hoover was a workhorse for VFW with 28 points. Jack Young and Jim McConnell followed with 20 each.

FIVE players shared scoring for Hunsicker's. Ron James showed the way with 18, Bob Metzger 17, Butch Miller 16 and John Wardell and Max Reeser 13 each.

The Galloway boys sparked McFarland's Cecil hit for 20 and Charlie 18.

Delbert Neff was a cog for Orient with his 20 points. Dickie Melvin followed with 17, Mike Brown 15 and D. Hedges 10.

Ray Reinhold with 25 and Archer 20 were the top point producers for Walnut.

League play resumes Tuesday with three games. They are ONG at 7 p. m., Dick's Hardware vs Blue Ribbon at 8:15 and Hunsicker Grain vs VFW at 9:30.

Two games Thursday list Williamsport vs Blue Ribbon at 7 p. m. and McFarland's vs Scioto Elks at 8:15.

Hanley's Cafe, unable to floor a team, has forfeited the remainder of its games for the season.

## Robert Wood Earns First In Pin Test

Bob Wood captured first place in one division of the Double Class Bowling Tournament now in progress at Prairie Lanes.

Wood blasted his way into first place in competition featuring bowlers with an average of 161 and over. A winner in the 160 and under class will be decided this week.

Second place was earned by Jim Dawson. Third place went to Mike Brown, fourth to Ralph Ankrom, fifth to Marvin Rhoades, sixth to Glenn Weiler, seventh to Russ Lane and eighth to John Payne.

Wood, treasurer-elect of Pickaway County, finished with a 748 in four games. He counted scores of 167, 223, 201 and 157.

DAWSON ended with 712, Brown 711, Ankrom 708, Rhoades 685, Weiler 684, Lane 670 and Payne 665.

Wood will be awarded a trophy and cash prize.

## Merry Mixup

NORMAN, Okla. (AP)—It was ladies night at a civic club meeting so "good, clean family type" entertainment was announced.

Then our waltzed a thinly clad dancing girl.

Reaction ranged from the program chairman's deep purple face to howls of laughter from some of the women.

The chairman said there must have been a mixup by the agency which supplied the dancer.

## Bucks Jump from Iowa's Frying Pan to Indiana's Fire

By THE ASSOCIATED PRESS

Like the frying pan and the fire, it's out of Iowa City barely and into Bloomington tonight for Ohio State's singed Buckeyes in the second of two showdown steps toward major college basketball's first all-winning regular season record in four years.

The top-ranked Buckeyes, breathing hard after whipping up a 10-point late-game burst that beat Iowa 62-61 Saturday night, go against the revenge-minded Indiana Hoosiers—a tough to beat bunch at home even when they don't have a grudge to settle.

After Indiana tonight, Ohio State has three games left—at home against Wisconsin and Michigan State, and on the road at Illinois. The three have a combined Big Ten record of 6-20.

Second-ranked St. Bonaventure, shadowing the Buckeyes with a 20-1 record and 11-game streak, also has a pair of games during the week.

The Bonnies, who needed a comeback like Ohio State's to beat DePaul 78-69 last Saturday, seek their 99th and 100th straight home victories when they go against Siena Thursday and Niagara Saturday.

With five brackets still to be filled in the National Invitation Tournament and only one automatic berth of 16 conference places filled in the NCAA, there's a hunk of whittling to be done in these last three weeks of the season.

Ohio U., for the second straight year, has qualified for the NCAA's Mid-East regional as Mid-American Conference champion. Cincinnati, which has won 14 in a row, can clinch at least a tie for the Missouri Valley Conference title by beating North Texas State next Saturday. The Bearcats can wrap it up if runner-up Bradley loses either at Wichita on Thursday or at Tulsa on Saturday.

Kansas State, dueling NCAA-ineligible Kansas for the Big Eight title, can just about nail the loop's tournament berth by beating the Jayhawks Wednesday night. St. Joseph's (Middle-Atlantic), Rhode Island (Yankee), Princeton (Ivy)

and, of course, Ohio State (Big Ten) have all but clinched places in the NCAA, but the others will take more unraveling than the next week can provide.

So far, the 12-team NIT has lined up Memphis State, Providence, DePaul, Detroit, Army, Miami (Fla.), and Dayton, St. Bonaventure, St. Johns, Houston, and Louisville, all at-large choices, join Ohio U. in the NCAA, which will have 24 teams for its start on March 14.

Martin Poad of Carnegie Tech caught 35 passes for 461 yards and four touchdowns last season. He has two more seasons left.

## Indoor Track Stars Poised For New Assault on Records

NEW YORK (AP)—Up, up, up climb the "magic figures" in track and field.

You don't need a long memory to recall when the four-minute mile was just a remote possibility and the 16-foot pole vault was spoken of in whispers.

Now, with the indoor season less than half over, a whole fistful of records are in jeopardy. Start with the mile.

It never has been run in four minutes indoors because of the numerous turns on banked tracks.

Ron Delany's 4:01.4 is the record. But Istvan Rozsavolgyi, the skinny Hungarian army captain, has his sights set on the first indoor four-minute job.

He is confident he can do it. His best to date in five races this season is 4:04, but he hit 4:01.8 in chasing Delany to the Irishman's record two years ago.

The pole vault? Don Bragg's 15-9/16 still stands as the indoor record. Bragg always has had his heart set on becoming the first man to get over 16 feet.

Discouraged because of assorted ills early this season, he wanted to quit. Then, two weeks ago in Philadelphia, he barely missed at 16 feet. Last week in the New York Athletic Club games, he again just did it the crossbar after getting his body safely over. Now he is sure that he'll get over 16 feet before the end of the season.

How high can they go in the high jump? Probably only Valery Brumel, the 18-year-old Soviet whiz kid, can answer that. He made 7-3 in his debut on boards here last week, but jumped 7-4 1/2 in Leningrad less than a month ago.

Brumel came within a hair of clearing 7-5 last week. He is a confident fellow, and thinks around 7-6 1/2 is about as high as any human can climb.

Then there is the 60-yard high hurdles. Hayes Jones is co-holder of the record of 7 seconds with Milt Campbell. The latter has retired, so the Ypsilanti, Mich., school-teacher has the field to himself. "If I could only get just a little better start on that first hurdle," said Jones recently, "I just might be able to shave a tenth of a second off the time."

The broad jump? Just three nights ago, Ralph Boston of Tennessee A&I became the first jumper in history to soar over 26 feet indoors. He made 26-1 1/4, and the end is not in sight.

## Johnston, Jacobs High for Couples

Al Johnston rolled a 537 series, including a 224 single, for high score in Cowboys and Cowgirls at Prairie Lanes.

Leading the women was Betty Jacobs on a 452 series and a 201 high series.

The Seymour - Jacobs - Neason Team No. 4 rapped a 652 high single and 1,786 series.

## Dykes Says Tribe Poised For Pennant

TUCSON, Ariz. (AP)—Although Jimmie Dykes has been a major league manager 22 seasons, none of his teams has finished higher than third place. He thinks his 1961 Cleveland Indians can change that.

"We have the potential," said the 64-year-old pilot as he prepared for the opening of spring training Wednesday. "There are questions and everyone knows what they are. But I've said all along that this team will be in the pennant race."

Dykes feels the Indians will have a lot of power with John Romano, Woodie Held, Tito Francona and Willie Kirkland. "Not so much speed," Dykes said Sunday, "but power counts in today's game." He added: "And we could have a good group of starting pitchers. Jim Perry and Johnny Antonelli I feel pretty sure about. And if Gary Bell can come back, well . . . ."

"I'd like to use five starters, and Barry Latman, Jim Grant and Bobby Locke all will get their shots."

Dykes admitted the Indians don't have a top-notch relief pitcher, but added that "Frank Funk and maybe Dick Stigman can come through for us."

# Dayton Tycoon Offers Plan To Help Economy

### 35-Hour Week, Hike In Wages Planned For His Companies

DAYTON, Ohio (AP)—A Dayton business man says he has offered President Kennedy a suggestion for helping to revitalize the national economy. He said he is installing applicable parts of the program in his own firms here.

He is 52-year-old Arthur Beerman who controls 16 firms employing some 1,500 persons. He listed these suggestions "to help create buying power" as among those he is adopting here effective May 1:

1. He will institute a 35-hour week at his Sucher Packing Co. and several smaller manufacturing firms where about 40 employees will be affected. At the same time he will increase wages 25 cents an hour to bring paychecks up to the 40-hour level and will pay overtime after 35 hours.

2. He will increase minimum hourly wages for about 800 persons employed in his seven department stores and three smaller firms to \$1.50 an hour for men and \$1.25 for women. The present rates are \$1.25 and \$1.12½ cents, respectively. The 300 employees not affected are executives and other salaried workers in the various firms, he said.

In his telegram to the President, Beerman suggested as a national application, revisions in minimum wages and length of work week.

"We want to help create new buying power," he said. "We feel that in our small way we can start such a movement along the way in hope others will follow suit."

Beerman also suggested various tax changes and other measures to aid the economy. He called for a 50 per cent reduction in estate taxes, reduction in personal income taxes and in increase in individual income tax exemptions. He would also "drastically reduce paperwork requirements for small businesses" because of the expense and "stifling effect" on these concerns.

Another proposal calls for setting up an agency to acquire manufactured products, food, metals and other goods produced in the United States for export at 50 per cent discount.

"This would place our goods in competition with foreign products abroad," he said.

He also said this would tend to absorb unemployment and fully utilize the "giant productive capacity of this country."

"I have no fear," he declared "that increased labor costs from these proposals will be too onerous. The confidence and new vigor that these proposals will give business will be a sufficient offset."

Beerman's proposals to raise wages during a recession is typical of a career often marked by the unusual. He once bought a small local brewery and gave it to five disabled war veterans to operate as their own business. Five years ago, at the age of 47, he bought, for \$2.5 million, a downtown department store in which he had clerked 26 years before.

He has six suburban satellite stores of that downtown department store. In addition to this field, he has built four shopping centers and has two more on the planning board. He has developed a modern industrial park for small manufacturing firms and operates

Army Pvt. Thomas C. Webb and George R. Scranton, both of Circleville, recently completed the 11-week supply course at the Ordnance School, Aberdeen Proving Ground, Md.

Webb, 18, son of Mr. and Mrs. Denver Webb, Route 1, is a 1960 graduate of Pickaway Twp. High School.

Scranton, 18, son of Mr. and Mrs. L. A. Scranton, 940 S. Pickaway St., attended Circleville High School.

They learned stock record and a counting procedures, and was

## Kiwanis Club To Hear Address On Washington

The Circleville Kiwanis Club will meet at 6:30 p. m. today with a dinner meeting in the Mecca Restaurant.

Wallace W. Higgins, guest speaker, will address the group at approximately 7:15 p. m. His topic will be "The Father of Our Country," since Wednesday is Washington's Birthday.

The public is invited to hear Higgins' address. The meeting will be in progress, but a Kiwanis official said today, "Just come on in and you will be made welcome."

## Jackson Roads To Be Resurfaced

The Board of Jackson Twp. Trustees are receiving sealed bids for resurfacing of the following roads in Jackson Twp.:

Alkire Road No. 110; Keyes Road No. 111; Hill Road No. 130; Anderson Road No. 131; Stonerock Road No. 129; River Road No. 126; Van Meter Road No. 133; Grice Road No. 129; Turney-Caldwell Road, No. 132; Brooks-Miller Road No. 191; Fox Road No. 506; and Circleville-Darby Road No. 192.

A total of 15.46 miles of Jackson Twp. roads will be resurfaced.

Sealed proposals will be received at the office of the Jackson Twp. Trustees until 8:30 p. m. March 6. Bids are to include amounts for materials, labor and equipment for the resurfacing of the roads.

Trustees are: Nelson H. Walters, Julius P. Hulse, Paul S. Thompson, and Charles H. Steinhauser, clerk.

## State Fair Grandstand Policy To Be Changed

COLUMBUS, Ohio (AP)—Officials of the Ohio State Fair, which lost money in 1959 and 1960, are taking precautions against such losses in the future.

Robert H. Terhune, director of the Ohio Department of Agriculture, said Saturday all future grandstand attractions will be booked on a percentage basis instead of a flat guarantee of a certain amount.

Terhune said the 1961 attractions will be booked on a 50-50 net receipt basis. He added that a \$2 maximum admission price will be adopted.

During the summer months, the temperature on the floor of Death Valley in California has been known to hit 126 degrees.

a real estate managing business. A local philanthropic foundation bears the family name.

trained to receive, issue and store ordnance equipment and supplies. Both soldiers entered the Army last September and completed basic training at Fort Knox, Ky.

Army PFC Fredrick W. Miller, son of Mr. and Mrs. Frederick L. Miller, Route 3, participated in Exercise Winter Shield II at the Grafenwohr Hohenfels training area in Germany.

Winter Shield, an annual training maneuver, involved 60,000 US Army, German and French troops and marked the highlight of a year's training for units in NATO's "Pyramid of Power."

Miller is a fire direction computer specialist in Company A of the division's 505th Infantry. He was stationed at Fort Bragg, N.C., before arriving overseas on this tour of duty.

Miller is a 1954 graduate of Logan High School.

John D. McGhee, USN, son of Mr. and Mrs. John McGhee, Orient, is serving aboard the attack cargo ship USS Merrick operating out of Long Beach, Calif.

McGhee participated in ceremonies recently marking the 19th anniversary of the Pacific Fleet Amphibious Force.

The force is comprised of ships, landing craft and specialized units with the mission of landing troops in assaults on hostile shores.

The anniversary was observed with formal military ceremonies and open house programs in honor of force personnel and the contributions they have made to national defense.

Cecil E. Clark, USN, Circleville, also participated in celebrating the 19th anniversary of the Pacific Fleet Amphibious Force.

# Water Customers To Receive Explanation of Rate Boost

A brief explanation of the new water rate increase will be sent to all customers of the Circleville Water Department before they get the new, higher bills.

Ervin Leist, city utilities manager, said today that first bills with the water rate boost will be sent on March 1.

Water rates were ordered increased 50 per cent January 26 by the Public Utilities Board. The rate boost will be tested to see if it will finance a \$750,000 water system expansion program.

If the higher rates are sufficient it is proposed to build an iron removal plant, an elevated storage tank, probably an increased supply facility and improvements to the present system in areas where pressure and flow are inadequate.

New rates will be effective for six months prior to the expansion program. Experience of that period is required to demonstrate to bond buyers that revenue of the water department will be sufficient to pay regular expenses, plus interest and principal on bonds issued to finance the project.

CUSTOMERS are billed quarterly, with about a third of the department's accounts being collected each month. First persons to get water bills figured with the new rates will receive their bills during March.

Prior to that time they will receive in the mail a card setting out the reasons for the increase and an illustration of how to figure the new water bills.

One of the principal reasons for expansion of the system is the lack of facilities to gather the amount of water needed at present.

Removal of iron from the water will be a boon to housewives who have complained for years about the "red water".

Circleville is rated in Class 8 by the Ohio Inspection Bureau, insurance rate - making body. This is due to many factors, such as type of building construction, fire department and personnel and one of the main items is the lack of an elevated storage tank.

As long ago as 1941 the OIB rec-

ommended "Provision should be made for additional elevated storage of not less than 400,000 gallons to be located near the mercantile district."

In 1956 the OIB again said, "Elevated storage, with a minimum of 500,000 gallons, and preferably 750,000 gallons, should be erected within the corporation limits immediately."

Expansion of the water system could have an effect on lowering insurance rates, although other factors are involved.

## E. L. Sward Jr. Gets Degree at Buffalo U.

Edward Lawrence Sward, Jr., 981 Lynwood Ave., will graduate from the University of Buffalo, Buffalo, N.Y., at the university's mid-term commencement exercises Wednesday.

Sward will receive his Doctorate of Philosophy from the university. He received his bachelor's degree in 1955 from Augustana College.

Principal speaker of the exercises will be Dr. Edward H. Litchfield, Chancellor of the University of Pittsburgh. His topic will be "Work and Survival."

THINK 'LIFER' PLOTTED MURDER—Sarah Grayson, 20, U. of California coed, talks to a policeman in Berkeley about the alleged plot to murder her to keep her from testifying at a possible new trial of lifer Jon Mattox (upper right), convicted of killing 31-year-old Mrs. Gene Tate (lower right), a nextdoor neighbor in Columbus, Miss. That killing happened Jan. 31, 1960. Miss Grayson and Mattox both were at Mississippi State students at the time, and she testified at his trial that he told her he was going to strangle Mrs. Tate with a coat hanger because Mrs. Tate wanted to break off their affair. Now it is alleged that Mattox, trying for a new trial, offered two jail mates \$1,500 to kill Sarah.
